LAY OUT MATERIALS

HARDWARE

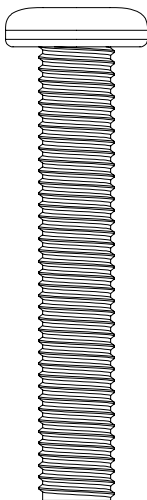

G

Low Friction Washer (2)

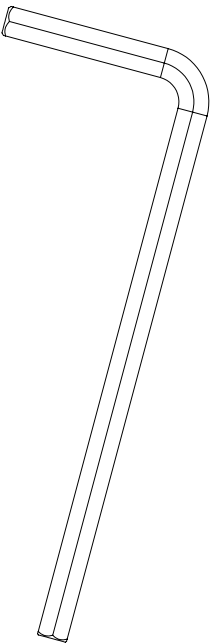

H

Screw (4)

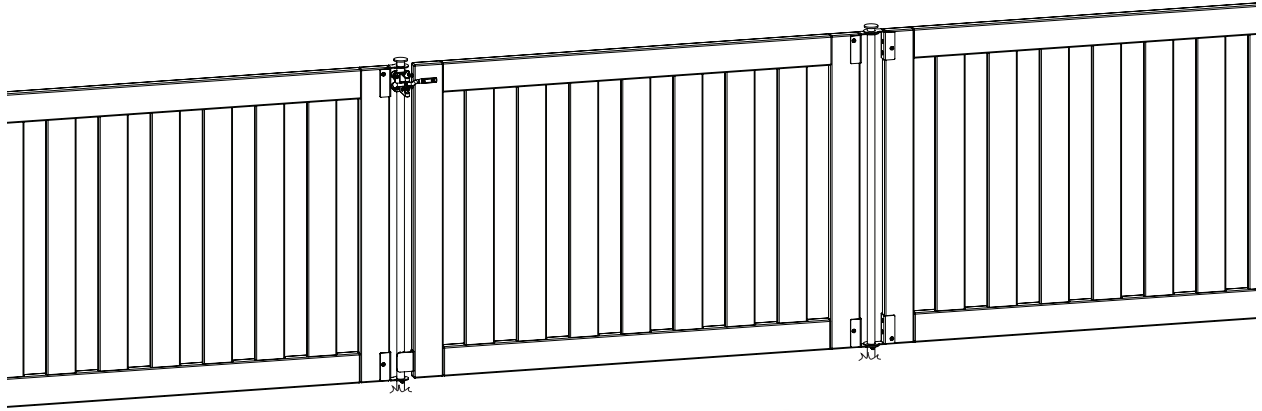

I

1 1/4in Bolt (4)

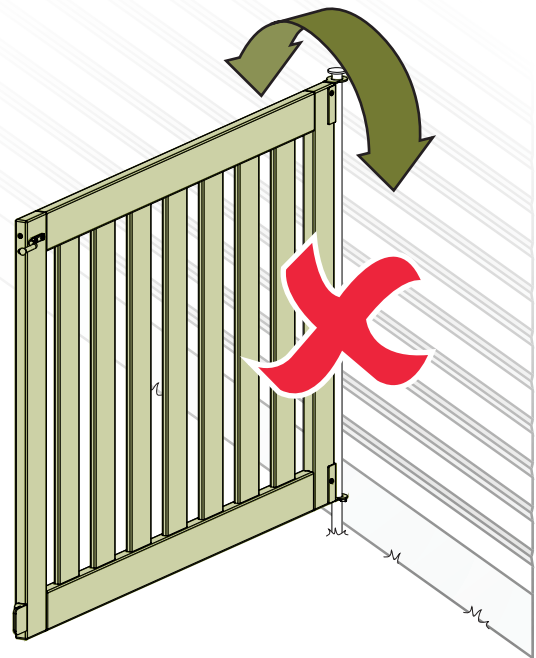

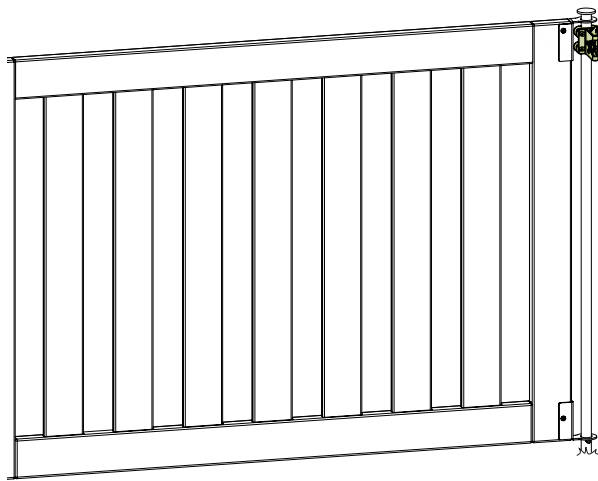

J

Hex Key

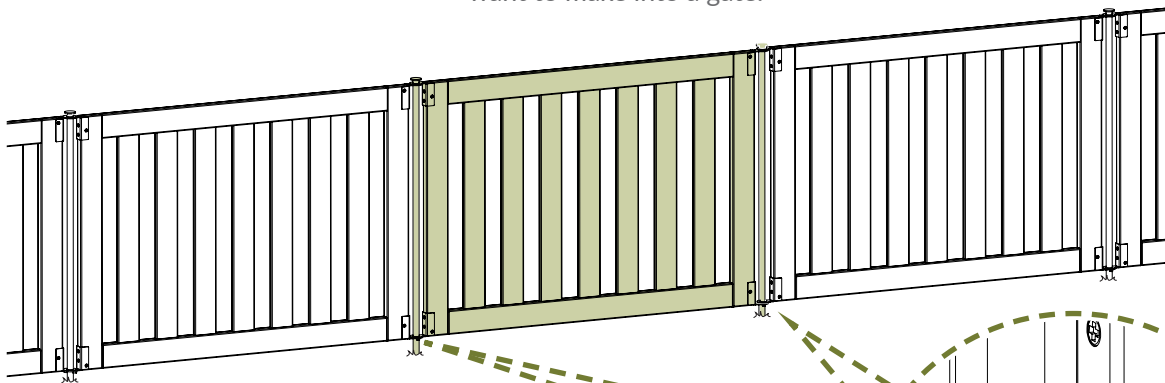

Always install your gate between two fence panels for stability.

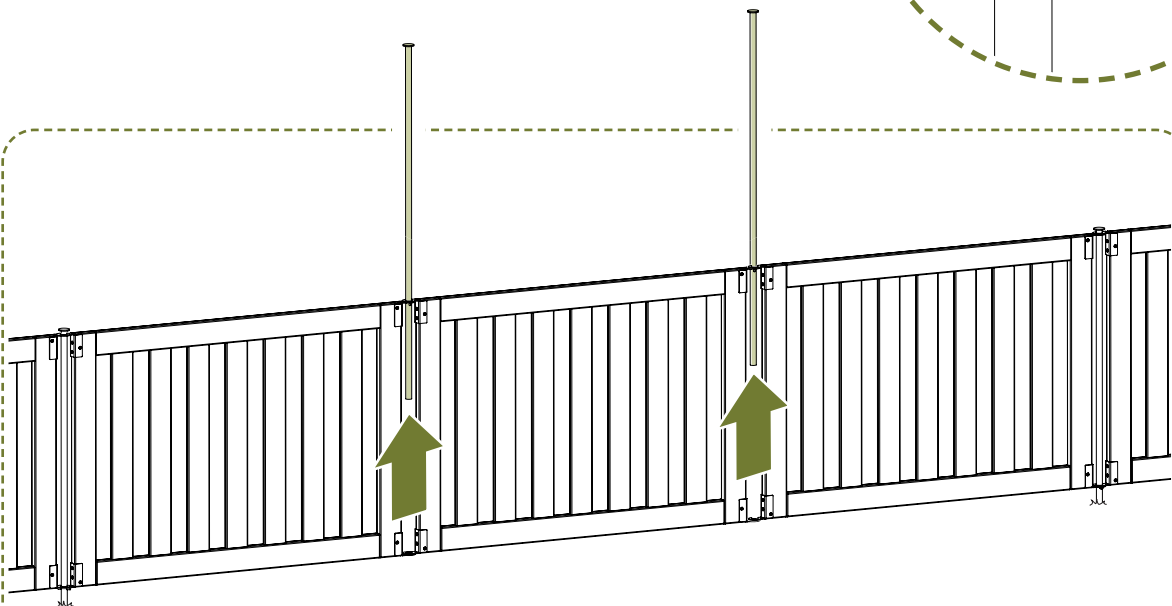

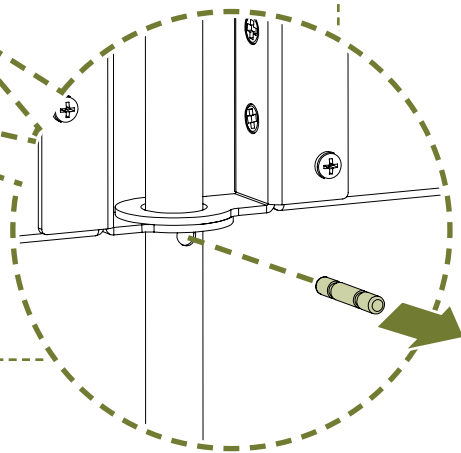

Never install your gate off of your last fence panel, to refrain from putting too much strain on the ground stake.

A Determine which fence panel you want to make into a gate.

B Remove stake pegs from the left and right stakes.

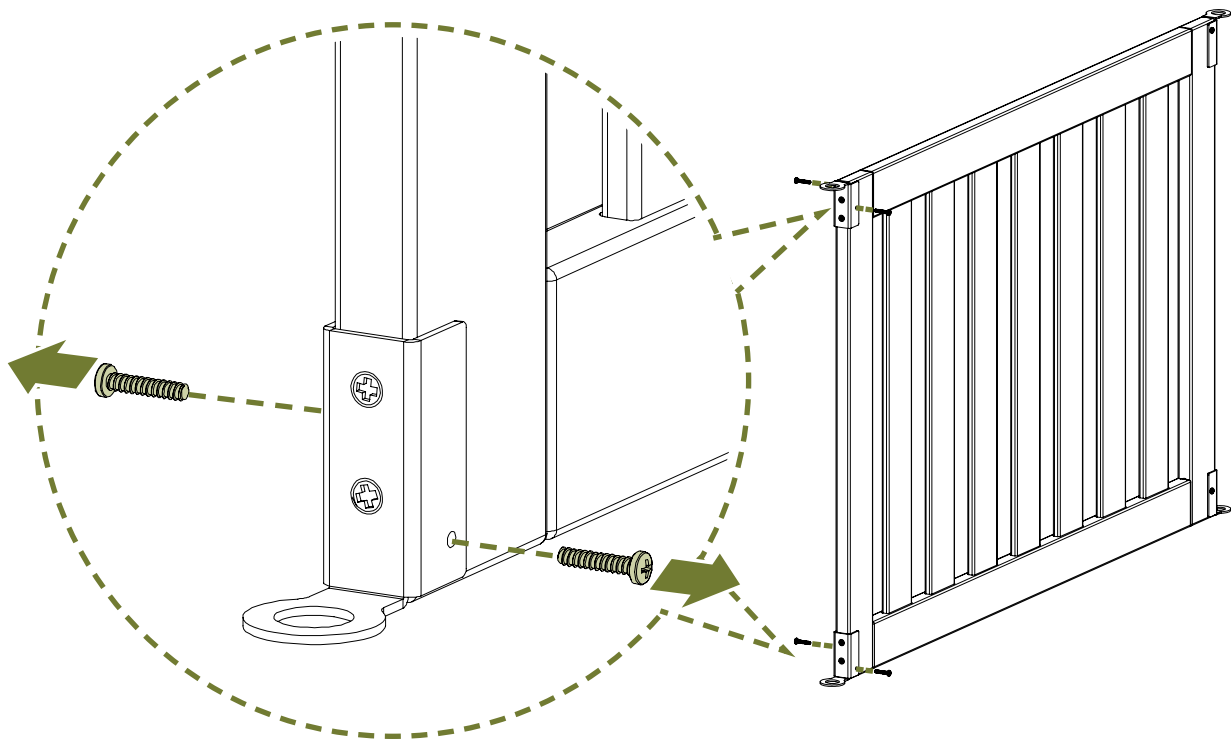

C Remove both Stakes.

ASSEMBLE UNIT

1

From one side of your loose panel, begin removing the top and bottom brackets.

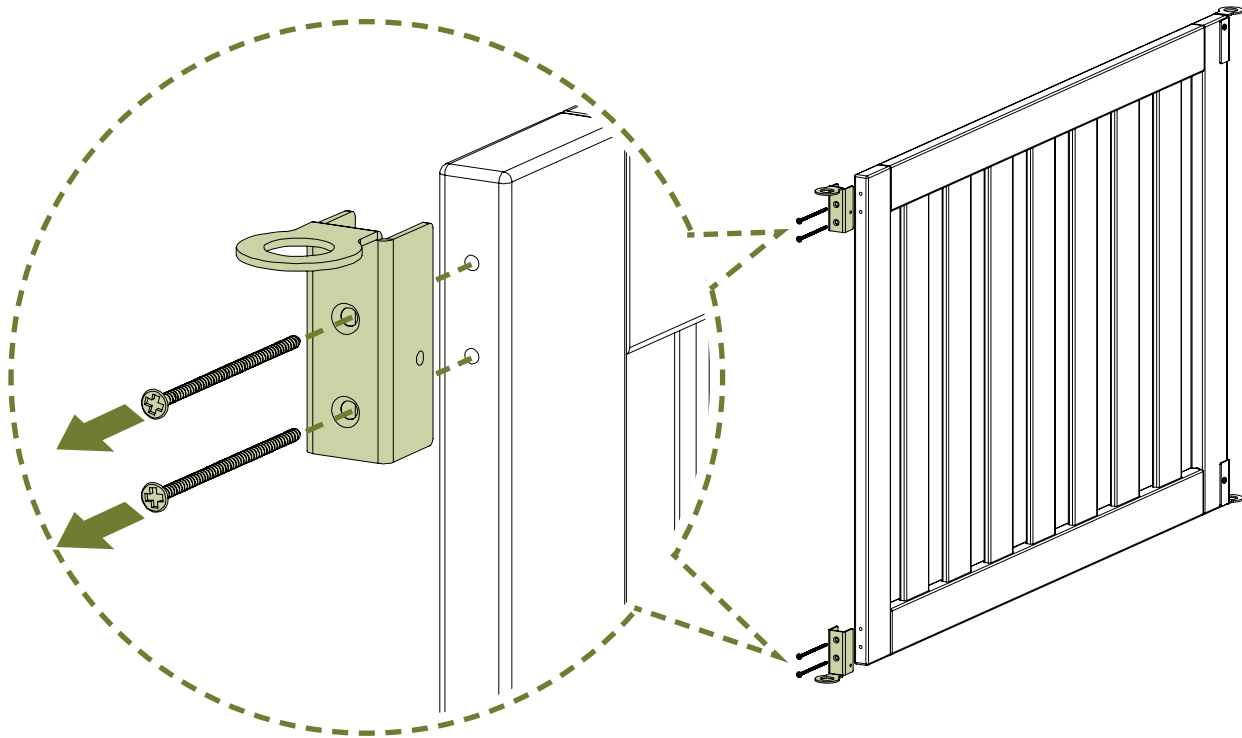

ASSEMBLE UNIT

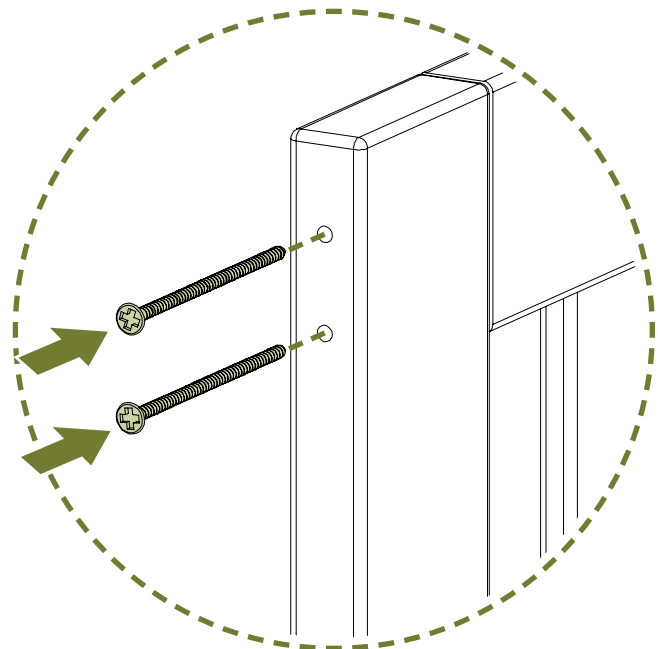

2

Fully remove top and bottom brackets.

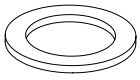

Using the same screws, screw in the top two screws **only**, back into the panel.
Save the other two screws for later
