## ASSEMBLY INSTRUCTIONS

**1**

1. Install your WF29002 fence panels (sold separately) as per the included installation guides. When you get to the area where you would like your gate, attach the gate to the panel by dropping a stake down through the eye hooks of the panel and gate together at the same time. Drive the stake into the ground with a rubber mallet.

**2**

2. 35.5in from your gate stake, install another panel by driving a stake into the ground through the eye holes of the panel.

**3**

3. Connect the gate latch to the stake.
